

Ultra Slim Motorised Wall Mount for 23-46" Ultra Thin screens

Product Description

Introducing Slimline Motorised, offering the convenience to reposition your screen at the touch of a button ensuring the ideal viewing position wherever you are in the room, and with the advent of new 3D-TVs it is more important than ever to watch at the right angle. As part of the Slimline range the motorised mount is only 35cm deep when retracted making it almost invisible once installed and perfect to complement the next generation of super slim LCD panels.

Features & Benefits

- Remote control operation allows screen to pan through 40° (20° left or right)
- Ultra slim low profile design (34.9mm) complements the latest ultra thin LCD and LED TVs
- Remote control with 3-position memory presets
- Automatic screen centring & wall detection
- Easy to install
- Near silent (25dB) motor operation
- Accommodates screens with VESA® 200x200, 300x300 and 400x400mm mounting patterns
- Max. screen weight 50kg (110lbs)
- UL/TUV certified
