Freestand AV-Furniture - Versatile, Elegant, and Ready for Anything

Designed to meet the evolving demands of modern workplaces, this **Freestanding AV-Furniture** delivers unmatched versatility and clean design for video conferencing, presentations, and collaborative spaces.

Whether you're using a single or dual display setup, the Freestand supports a wide range of display sizes and video conferencing systems - making it the ideal centerpiece for meeting rooms, open office spaces, and hybrid environments.

Stable, Smart, and Installation-Friendly

The Freestand is equipped with a solid base and adjustable feet, ensuring a perfectly level installation on any surface. Integrated cable routing makes setup clean and simple, with dedicated channels for cables to enter and exit the stand discreetly.

Space for What Matters

Inside the generously sized stand, you'll find plenty of room for all your essential technical equipment. Add one of our **accessory installation shelves** to securely mount media players, PCs, or conferencing hardware. Accessing your gear is easy through the **magnetic front cover** or the **removable rear panels**.

The acoustic **PET-felt covers** not only contribute to a clean, modern look-they also improve sound quality in your space.

Flexible Display Mounting

The display holder glides smoothly along the aluminum frame for precise positioning. Choose from:

Single Display: Supports VESA up to 1000x600 or 1500x600.
Dual Display: Fits screens up to 86", 50kg each, with VESA 600x400 (up to 1000x600 for smaller displays).

Multiple adjustment VESA bars are included to ensure your screens are always perfectly aligned.
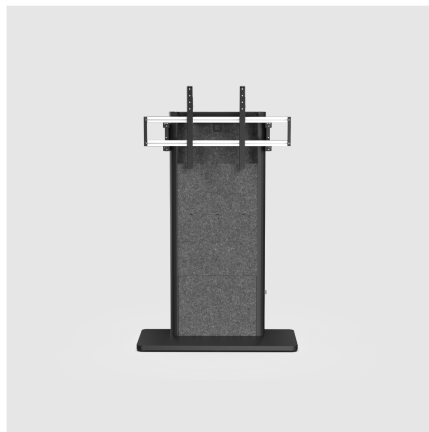

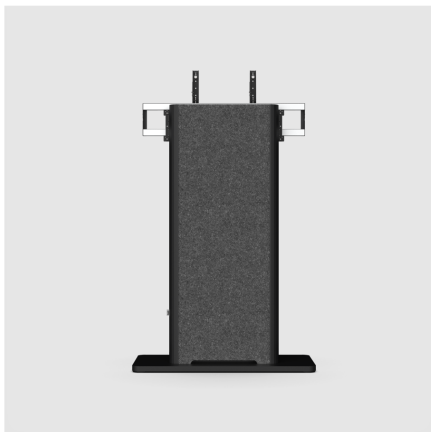

Designed for Modern Workspaces

With a sleek, architectural design that looks just as good from behind as it does from the front, the Freestand blends seamlessly into any office. Whether it's placed against a wall or freestanding in the center of a room, it brings both functionality and aesthetic appeal.

Customize It Your Way

Need to mount cameras, speakers, touch controllers, or other equipment? We offer a range of **universal and bespoke accessories** to make the Freestand work for your exact setup.
